Application to Waive a Required Course in an Acadia MEd Program

If a student has taken a course at Acadia or another university and used it for credit in that institution's program, they may apply to have the course compared with an identical Acadia course in the MEd program such that the Acadia requirement is waived. If approval is granted, the student MUST replace the waived course(s) with an equivalent number of credits in their Acadia program. (i.e. normally a 3 credit elective per waived single semester course)

Student Name: _____ (please print)

Student Signature: _____ Application Date: _____

Student Number (Acadia): _____   Current Acadia Program: _____

Course Completed: _____   (e.g. ED 5200)

Name of the Institution Where the Course was Completed _____
